922 KAR 2:120. Section 2. Child Care Services. (3)(a) Each center shall maintain a child-care program that assures each child will be: 1. Provided with adequate supervision at all times by a qualified staff person who: a. Ensures the child is within scope of vision and range of voice; or b. For a school-age child, within scope of vision or range of voice;	
Findings: General: Based on Interview, a four-year-old child was left on the playground unsupervised for at least twenty-five (25) minutes on 09/29/17. The name-to-face documentation for the classroom indicated that at 11:00 am nineteen (19) children were taken outside. The same log indicates that at 11:30 am nineteen (19) children were brought back inside. There were two (2) staff present with the nineteen (19) children. Interviews with the staff involved determined that the children were counted as they lined up to come inside. Prior to coming inside there were two (2) behavioral incidents to which staff attended. Once the children returned to the classroom a name-to-face count was not done. A staff assigned to the classroom returned from her break and noticed two (2) coats on the floor. One of the coats belonged to the child that was left outside. Viewing the coat caused the staff to look for the child. She saw the child on the playground from the window.
