Findings:																															
<p>General: Based on information provided and interview, the surveyor learned that in the morning during drop off times for the children, the center is out of ratio approximately fifteen (15) minutes to sixty (60) minutes until additional staff arrive and children can be placed or shifted into another classroom. Therefore, in three (3) classrooms staff/child ratios were not maintained and in two (2) classrooms group sizes were not maintained at all times.</p>
