Supervision	Not In Compliance
90 - Children Supervised	Not In Compliance
<p>922 KAR 2:120. Section 2. Child Care Services. (3)(a) Each center shall maintain a child-care program that assures each child shall be: 1. Provided with adequate supervision at all times by a qualified staff person who ensures the child is: a. Within scope of vision and range of voice; or b. For a school-age child, within scope of vision or range of voice;</p>	
Findings:	
<p>General: Based on interview and review of documentation, the child-care center failed to maintain adequate supervision. On 7/22/2022 at approximately 4:00 p.m., a three-year-old child was left unattended in classroom #7 for one minute and twenty-eight seconds. A review of video footage found the child was in the restroom as staff and children exited the classroom.</p> <p>Interviews found that one staff person and nine children transitioned from classroom #7 to classroom #8. The second staff person transitioned to classroom #9. Both staff stated that they did not do a 'name to face' count of the children or check the restroom prior to exiting the classroom.</p> <p>Once the child exited the restroom, he stood in the classroom for one minute and twenty-eight seconds before exiting the classroom and walking through the atrium to classroom #9. The staff person stated that she was confused and thought he had walked out of classroom #8.</p>
