420 - Infant Sleep Position — **Not In Compliance**

922 KAR 2:120. Section 6. Sleeping and Napping Requirements.
(1) An infant shall sleep or nap on the infant's back unless the infant's health professional signs a waiver that states the infant requires an alternate sleeping position.

Findings:

General: Based on observation and a review of documentation, an infant was asleep in a bouncy seat which was placed a crib. Interview with caregiver determined the infant had been asleep for fifteen (15) minutes. A review of the infant's file determined there was no written documentation from the infant's health professional to authorize an alternative sleep position.
