922 KAR 2:120. Section 3. General Requirements. (6) A staff person suspected of being infected with a communicable disease shall: (a) Not perform duties that could allow for the transmission of the disease until the infectious condition can no longer be transmitted; and (b) Provide a statement from a health professional, if requested.	
Findings: General: Based on Interview, it was found that on 9-18-18, an employee hired on 2-20-16 went to the doctor on her lunch break due to her not feeling well. She reportedly had a fever and was diagnosed with strep throat. At 2:01 p.m., the employee texted the director a doctor's note that stated she was seen in the office and able to return to work on 9-20-18. At 2:40 p.m. the employee returned to the facility and went back to work with the children in the One Year Old classroom. She reportedly reminded the director that she had strep throat and needed to leave work. At 4:10 p.m., the employee was relieved and allowed to go home.
