**Findings:**

General: Based on Interview and record review, the facility staff did not report an injury to a child that required medical care within twenty-four (24) hours from the time of the discovery of the child being taken to the doctor. Based on interview, the staff in charge was notified by phone that a two (2) year-old child was taken by the parent to the doctor after she sustained a bruise and knot on her head while at the daycare facility. The two (2) year-old child fell off of the slide in the classroom. The facility staff never notified the Division of Regulated Child Care of the two (2) year-old child's injury that required medical care.
