| <p><b>Findings:</b></p> <p>General: Based on Review of Documentation, and interview it was found that the facility employed a person that was found by the cabinet to have neglected a child, pursuant to 922 KAR 1:470. Following the Division of Regulated Child Care's receipt of a child abuse and neglect check submitted by this facility for an employee a phone interview was conducted with the director. During this interview it was confirmed that this individual was employed by the facility. The director also confirmed that she had a copy of the child abuse and neglect check that identified the substantiation but had not realized there was a substantiated finding marked on the report. The director indicated that the individual listed on the child abuse and neglect check was hired in February but only worked a couple of days due to a family emergency. During the brief time the person worked she was under the supervision of another qualified teacher. The director went on to indicate that the individual had also worked on April 29, 2013 and May 3, 2013.</p> |                          |
