Inspection Report	
Supervision	In Compliance
Staffing Requirements	In Compliance
Employee Records	Not In Compliance
405 - TB Verification	Not In Compliance

**922 KAR 2:090. Section 11. Staff Requirements.**  
**(1) Child-care center staff:**  
**(b) Shall provide, prior to employment and every two (2) years thereafter:**  
**1. A statement from a health professional that the individual is free of active tuberculosis; or**  
**2. A copy of negative tuberculin results.**

**Findings:**

General: Based on review of documentation, the surveyor discovered that staff's (DOH: 01/17/2019) personnel file contained a negative TB skin test dated for 01/17/2019; therefore, the TB verification was no longer current. The surveyor was unable to verify if the staff person was free of active tuberculosis.

Staff reported that staff member's medical provider would not conduct a TB skin test due to the staff's medical condition.
