Director Requirements	Not In Compliance
350 - Health, Safety, Comfort	Not In Compliance
922 KAR 2:090. Section 10. Director Requirements and Responsibilities.	
(1) A director shall:	
(l) Assure the health, safety, and comfort of each child;	
Findings:	
General: Based on interview, the child care center failed to comply with regulations regarding director requirements. Per interviews, the center failed to assure the health, safety, and comfort of a three-year-old child while in the classroom. A three-year-old child was playing in the kitchen area when another three-year-old child approached them and stuck a bead into the child's ear causing it to be dislodged in the ear canal. The three-year-old child was caused discomfort, and had to have the bead removed by a physician from the emergency room.	
Further interview with the director and staff member revealed the bead was retrieved from a previous art project that had been glued to a paper crown.
