Not In Compliance

922 KAR 2:110. Section 2. General.

(3) Information concerning a child or the child's parent shall be kept in strict confidence by child-care center staff, except as otherwise required by law.

Findings:

General: Based on Interview, the staff person stated that another child care facility called to inquire about a specific child that previously attended the facility and wanted to know how he was when he was enrolled. The staff person stated that she was straight forward with the facility and explained that the child had severe behavioral issues and was very rough with other children by pushing, shoving and hitting. She stated that the child spit at staff and threw items at a pet turtle in the classroom. She stated that he would not listen and that time out did not work with him. She stated that she would never have given out any information about a child but the facility stated the mother's name and that mom knew a phone call was going to be made to previous facilities the child had attended so the staff person thought it was okay to give out the information.
