Findings:

General: Based on Review of Documentation, it was found that a staff person received a written reprimand on 10/25/13 for "spanking or swatting children on their butts." The reprimand read, " It has been brought to our attention that you have been spanking or swatting children on their butts. We had a complaint yesterday on 10/24/13 and another one today. There have been people see you do this. Everyone was warned in the last staff meeting about this and this is your one and only warning , it will not be tolerated." During an interview with the staff person in question on 12/27/13, she admitted that she was reprimanded in October for "swatting" a child. The staff person stated that she has "swatted the children on the bottom as a get over there playing kind of thing."
