General: Based on interview, on 11/13/18 a staff person removed a white pill from a child's mouth in the Starfish classroom at approximately 9:15 a.m. The pill was in pieces and it could not be determined if the child had swallowed any portion of the pill. According to staff, the child had just arrived in the classroom and was playing in an area where other children had been playing all morning. It could not be determined if the child brought the pill into the facility with her or had found the pill in the play area of the classroom.
