922 KAR 2:120. Section 2. Child Care Services.

(3)(a) Each center shall maintain a child-care program that assures each child will be:

- 1. Provided with adequate supervision at all times by a qualified staff person who:**
 - a. Ensures the child is within scope of vision and range of voice; or**
 - b. For a school-age child, within scope of vision or range of voice;**

Findings:

General: Based on Review of Documentation, interview and observation, this regulatory requirement was not met. Staff interviews during a complaint investigation revealed that on 12/14/15 at 5:38PM the staff person working in the four (4) year old classroom (Room #8) reviewed her classroom attendance list and noticed that two (2) children were missing. The staff person opened the bathroom door in the classroom and found the two (2) children alone in the bathroom together. The children were identified as a male four (4) year old child and a female four (4) year old child. A review of the facility's video surveillance footage found that the children entered the bathroom together at 5:38:06PM and were found by the staff person at 5:42:29PM; therefore, they were alone in the bathroom for approximately four (4) minutes. The staff person stated the following in her written statement, "As soon as the parents left, the other staff person came back and I was doing my head count. That's when I realized two (2) children were unaccounted for. So I immediately checked the bathrooms. I found the two children in the bathroom together".
