205 - Reports to Cabinet	Not In Compliance

922 KAR 2:090. Section 12. Reports.

- (1) The following shall be reported to the cabinet or designee and other agencies specified in this section within twenty-four (24) hours from the time of discovery:
- (a) Communicable disease, which shall also be reported to the local health department pursuant to KRS 214.010;
 - (b) An accident or injury to a child that requires medical care initiated by the child-care center or the child's parent;
 - (c) An incident that results in legal action by or against the child-care center that:
 - 1. Affects a child or staff person; or
 - 2. Includes the center's discontinuation or disqualification from a governmental assistance program due to fraud, abuse, or criminal conviction related to that program;
 - (d) An incident involving fire or other emergency, including a vehicular accident when the center is transporting a child receiving child care services;
 - (e) A report of child abuse or neglect that:
 - 1. Has been accepted by the cabinet in accordance with 922 KAR 1:330; and
 - 2. Names a director, employee, volunteer, or person with supervisory or disciplinary control over, or having unsupervised contact with a child in care as the alleged perpetrator; or
 - (f) An individual specified in Section 6(4) of this administrative regulation meeting a disqualifying criterion or background check result pursuant to 922 KAR 2:280.

Findings:

General: Based on review of documentation and interview, the surveyor found the following:

1. The center failed to report to the Division of Regulated Child Care (DRCC) that a child (DOE: 7/14/17) was taken for medical treatment by the parent after the child was found to have a bruise of unknown origin on their hip/abdomen area. Multiple staff reported that the bruise was found on the child while at the center and the parent had not noticed the bruise prior to dropping the child off. Review of messages received by staff from the parent on 7/24/18 indicated the parent informed staff at 7:40 p.m. on 7/24/18 that the child was taken to Urgent Care and then to the hospital on 7/24/18. The Director stated on 7/26/18 that she did not report the incident to DRCC because she was not aware that she needed to.
2. The center failed to report to DRCC that a report of child abuse or neglect was made against the center concerning staff that have supervisory or disciplinary control over a child. Review of messages received by staff from the parent on 7/24/18 at 8:13 p.m., revealed that staff were aware that bruising found on a one-year-old child on 7/24/18 was reported to the Cabinet for Health and Family Services (CHFS) and that CHFS would be investigating the daycare. The Director stated that she reported the incident to CHFS on 7/25/18 but did not report it to DRCC as she was not aware that she was required to do so.

Inspection Report**Children's Records****Not In Compliance****1135 - Immunization****Not In Compliance****922 KAR 2:090. Section 9. Records.****(1) A child-care center shall maintain:**

(a) A current immunization certificate for each child in care within thirty (30) days of the child's enrollment, unless an attending physician or the child's parent objects to the immunization of the child pursuant to KRS 214.036;

Findings:

General: Based on review of documentation and interview, the surveyor found that a child's file (DOE: 7/14/17) contained an immunization certificate that was no longer current as of 6/5/18. The Director was not aware that the immunization certificate was no longer current.
