Background Checks	Not In Compliance
5 - Background check/left alone/dismissed/relocated	Not In Compliance
<p>922 KAR 2:280. Section 3. Implementation and Enforcement.</p> <p>(1) A person who is a child care staff member prior to January 1, 2018, shall submit to and complete background checks in accordance with this administrative regulation no later than September 30, 2018.</p> <p>(2) A child care staff member hired on or after April 1, 2018, shall:</p> <p>(a) Have completed the background checks required in accordance with this administrative regulation and been found to have no disqualifying offense prior to becoming a child care staff member; or</p> <p>(b) 1. Have submitted to the background checks required in accordance with this administrative regulation;</p> <p>2. Not be left unsupervised with a child in care pending the completion of the background checks in accordance with this administrative regulation; and</p> <p>3. Be dismissed or relocated from the residence if the person is found to have a disqualifying background check result.</p>	
Findings:	
<p>General: Based on observation, interview and review of documentation, the child care center failed to comply with regulatory requirements regarding background checks. Upon request, the staff member in charge did not present verification that a fingerprint background check had been initiated for the owner. Review of the KARES database revealed the owner was not entered into the National Background Check Program, fingerprints were not identified to have been taken, nor an "eligible for employment" status determined. The owner acknowledged that she had not submitted a fingerprint background check. The owner was observed to work with children in a supervisory role, but was not observed to be working alone.</p>
