Findings:

General: Based on Interview, the staff indicated that a four (4) year-old child was sent to the one (1) year-old room on 11/18/15 as a method of discipline because the four (4) year-old child was having a "melt-down" in their classroom and would not cooperate with the preschool staff member. Based on interviews the four (4) year-old was in the one (1) year-old room for approximately 5 to 10 minutes. The four (4) year-old child was picking up toys around a toy shelf and a toddler was pulling up and lost her balance and fell between the four (4) year-olds legs causing the four (4) year-old to fall on her wrist. Based on interview the child's wrist was fractured.
