922 KAR 2:090. Section 10. Director Requirements and Responsibilities.

(1) A director shall:

(l) Assure the health, safety, and comfort of each child;

Findings:

General: Based on interview, multiple staff confirmed that on 4/3/19, a staff person and six (6) one and two-year-old children were returning inside the center from the playground. When the staff person stopped to assist a child, a one-year-old child and a two-year-old child ran inside the building. The two (2) children opened a door in the foyer, went down a long hallway and through another exit door unobserved by staff. The children went outside the center into a side yard that was not fenced. They proceeded down a steep embankment toward a heavily travelled highway located beside the center. A staff person went outside and found that a car had stopped on the highway. The staff observed that three (3) unknown individuals were walking up the steep embankment from the highway returning the two (2) children. Interviews conclude that staff did not know the location of the children for approximately five to ten (5-10) minutes.
