265 - Health, Safety, Comfort		Not In Compliance
922 KAR 2:110. Section 4. Director Requirements and Responsibilities. (1) Effective with the adoption of this administrative regulation, a director shall: (l) Provide for the health, safety, and comfort of each child;		
Findings: Based on interviews and record review, the facility director failed to provide for the health, safety, and comfort of each child. Based on interviews the Kindergarten Prep children (4-5 years-old) came back to the room on 8/5/16 after visiting the Media Room and the floor was wet from where it had been mopped by the cleaning crew. The staff members told the children not to get on the wet floor, but regardless of the instructions by the staff, a child did play on the wet floor and she fell and broke her arm. The wet floor posed a safety hazard to the children.
